# Satie's Woodpeckers

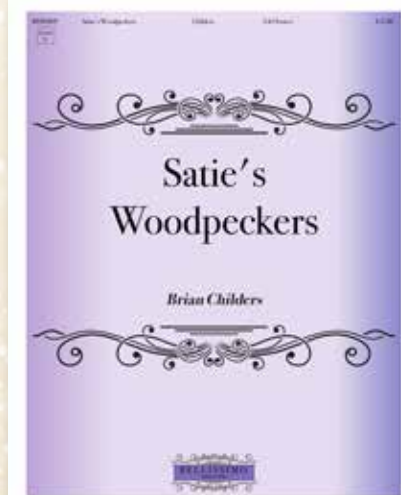

3-5 Octaves • Level 3-

MBP20209

~~\$5.50~~ \$4.68

This concept parody piece pits eccentric composer Eric Satie performing his famous Gymnopédie #1 against those pesky woodpeckers, who hammer their way into the music. Make sure to read the background and performance notes for ideas to add to the hilarity of this sure-to-please piece! There once was a composer named

Eric His music was quite esoteric But the woodpeckers were mad outside of his pad They eventually drove him hysteric!

# King of Love My Shepherd Is

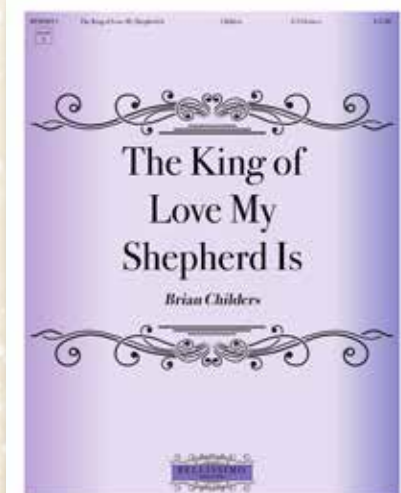

3-6 Octaves • Level 3

MBP202011

~~\$5.50~~ \$4.68

Beautiful and flowing, this arrangement of ST. COLUMBA for bells and chimes highlights the beauty of the timeless tune. Ringers will enjoy this soothing, expressive setting, but will be challenged by short phrases of duple eighth notes against triplet eighth notes and arpeggiated, sixteenth note patterns. In the middle

section, the chimes play a gentle chordal accompaniment while the upper bells play the simple melody. Careful attention to the dynamic contrasts is crucial.

## Rhythmic Development for Ringers from Bellissimo Publications

MBP20204

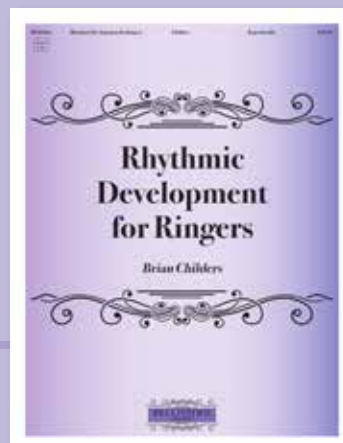

~~\$29.95~~ \$25.46

Rhythmic accuracy is a challenge for any bell choir and it is often difficult for directors to find comprehensive exercises that foster rhythmic confidence in each individual ringer. "Rhythmic Development for Ringers" is an excellent resource to meet this need. Designed to teach, grow, and strengthen rhythmic reading skills, this collection of exercises also focuses on developing independence between the hands.

By utilizing the five sets of exercises in this reproducible book, ringers will gain security in their rhythmic knowledge as well as the ability for the left hand and the right hand to play two different techniques at the same time. These exercises are also great for weekly warm-ups or at-home skill building practice.

Each of the sets includes 5 separate pages with 10 progressively more difficult exercises, beginning with Level 1 and working up to level 4+; page 1 is notes only, page 2 adds the corresponding rests, pages 3, 4, and 5 combine notes and rests with ties, marts, and shakes, respectively.

- set 1. Whole and Half Notes
- set 2. Quarter Notes
- set 3. Eighth Notes
- set 4. Sixteenth Notes
- set 5. Triplets/Bell Changes
