Welcome Back!

It is time to start thinking about the Fall and getting Handbell and Handchime choirs back to ringing. The past year has been a difficult and challenging time. Now we are all preparing for the Fall. Some will have no restrictions and are eager to get their ringers back to form. Others are still dealing with restrictions on ringing setups, including social distancing and remote learning.

During the past year many in the handbell community have come together to help overcome the challenges. From composers rethinking their music and putting out guidance for ringing in socially distanced setups. To 8 and 12 bell music that can be rung without bell changes among the ringers.

Whatever your needs let us help you find the music and accessories you need to get ringing again.

Bell Tree Keyboard Manual by Barbara Brocker

The purpose of this “how-to” manual is to provide an opportunity for the ringer to play the bell tree keyboard by following the steps in the manual. It is not intended to be a manual to teach basic music reading. It is for the ringer who would like to explore a different aspect of ringing. A “keyboard” setup is not needed for every piece of bell tree music played; however, you can use the bell tree keyboard concept as a starting point. The more connections you can make to a standard set up, the quicker the learning process becomes.

This bell tree Processional Pole is the perfect addition to your choir's ringing supplies. It features an adjustable length from 41.5" to 60.5" that locks into position, making it suitable for all your ringers. The hook of the pole is strong enough to support 8-10 lbs of bells and the pole itself is constructed of black, process-coated metal. May be used with a Leather Carrier (item #s 9015 and 9016) to provide more stability.

Some signs that it's time for your handbells to be professionally serviced:

Your bells seem harder to play, they squeak/click/thud/clang/etc. When rung, clappers feel “sticky” or “stuck.” Bells are harder to identify because of worn handles or handguards. Tarnish remains even after everyday cleaning and/or polishing

Conducting Choirs Vol 1

Intended for beginning conductors, this volume offers a conceptual approach to conducting rather than an imitative one. Students begin by building right-hand and then left-hand gestures and are provided with exercises designed to increase independence and expressiveness. Approaches to repertoire and programming are also introduced, as are score marking, rehearsal strategies and preparation, and singing technique.

Conducting Choirs Vol 1 - The Promising Conductor	MLC302558R	\$50.00
---	------------	---------

Conducting Choirs Vol 2

The second volume of the series provides a vast selection of repertoire, from plainchant to present-day works that will allow students to build a gestural technique that is responsive to the expressive needs and nuances of a wide range of choral music. Each of the more than thirty selections is accompanied by a brief note about the composer and the work, a translation of the text, and a short discussion of its conducting issues.

Conducting Choirs Vol 2 - Music for Classroom Use	MLC302559R	\$60.00
---	------------	---------

Conducting Choirs Vol 3

The third volume of "Conducting Choirs" is written for the working conductor. One chapter addresses the concerns of those who wish to broaden their knowledge about conducting instrumentalists. Another focuses on conducting musicals and opera.

Art of Conducting Technique

A fresh, original look at the art of conducting, including Pattern Cubes, which is a three-dimensional system for charting baton movement. Through this book, both the aspiring and the experienced conductor will benefit from Harold Farberman's experience and ideas.

Modal Fanfare

Challenging and complicated in order to be strong and effective. This gives beginning choirs a chance to sound bold, sure, and majestic, while offering intermediate choirs a great piece that would take very little rehearsal time to master. A great choice for school, church, and community groups of all abilities!

JHS9607

Creator of the Stars of Night

Joe Galyon's ethereal, mesmerizing arrangement captures the mystery and wonder of Christ's coming, painting a musical picture that is truly unforgettable. This wonderful hymn is most closely associated with Advent, but it may be used for Lent or general worship as well. 72 measures. Key of Eb Major.

JHS9594

Best of Ring Together for Christmas

This fully reproducible collection features music for Advent and Christmas curated from our popular "Ring Together" series. These are versatile, easy-to-learn settings that are perfect for both beginning choirs and for those with limited rehearsal time.

JHS9607

Hark! The Herald Angels Sing

Some unusual harmonic twists and turns set this arrangement of Mendelssohn's Christmas favorite apart from other handbell settings.

JHS9599

Last Christmas

Ron Mallory brings us this fun arrangement of the modern Christmas classic, written and recorded by the 80's super-duo Wham!. Proof once again that Handbells Rock!, even at Christmas.

JHS9571

Twos in the Moon of Wintertime

Sandra Eithun has done it again! Her latest Christmas arrangement for the Raleigh Ringers Series for advanced groups is another jawdropper, following in the footsteps of "Coventry Carol" (JHS9502), "It Came Upon the Midnight Clear" (JHS9591), and "O Holy Night" (JHS9545). This stunning and ethereal setting of the Huron Carol will take some work, but the result will be a stunning addition to any Christmas performance.

JHS9611

Salut d'Amour

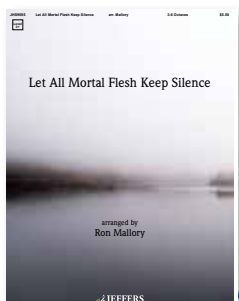

This arrangement of an Edward Elgar piano classic (translation: "Love's Greeting") is simple to learn for most intermediate choirs and features flowing melodies and lush harmonies. Darrell Richard's wonderful setting can be used in both worship and concert, especially one that features classical repertoire.

JHS9606

Pale Blue Dot

Jason Krug's original composition attempts to capture, in melody and harmony, the sentiments of life on what astronomer Carl Sagan famously described as our "Pale Blue Dot".

JHS9605

Let All Mortal Flesh Keep Silence

Two parts are noticeably more advanced than the others in difficulty, though they are soon mastered once the rhythms are established, making it more accessible than its level 3+ marking would indicate. The result is a creative arrangement with a big, broad sound.

JHS9595

Go Tell It On the Mountain Ron Mallory presents his take on everyone's favorite Christmas spiritual, and the result is a lively, jazzy affair that is sure to have everyone's toes tapping!

Finger snaps or mallet clicks begin and end this piece and the chimes, while optional, really add pop to the piece. C Major and D Major. 78 measures.

As a New Handbell or Handchime Choir, What Will We Need?

Every group is unique; the answers depend on the group's size, ringers' ages and budget. Budgets should be developed to include not just the handbells, but also everything needed to use, care for, and enjoy them properly. A typical list of accessories might include:

For Handbells:

(Handchime list available at HandbellWorld.com)

Polishing cloths: 1 per ringer (everyday cleaning)

Polish: for occasional deep cleaning

Gloves: 1 pair per ringer

Notebook Stands: 1 for every 1-2 ringers

Tables: we recommend 29" or 30" height, with total length determined by number of ringers (20"-24" per ringer)

Foam pads: we recommend 4" thickness (length determined by tables)

Music: allocate \$100-\$200

Handbells by Whitechapel

Each bell contains more metal in the casting, producing a full rich sound • tuning of the bell creates a dramatically pleasing tone (each set is regarded as a single instrument and tuned as such) • quality of the casting and internal mechanism makes it possible to create a range of sound from soft to loud that no other handbell can replicate • the character of every set is recorded and kept so that future additions may be perfectly blended • smooth clapper mechanism means you only hear the bell, not any off sounds coming from the mechanisms- they only produce clear, rich ringtones!

This will allow us to update your account on our systems. If we do not have a sales tax exemption form on file we may be required to charge sales tax. If we do this tax will not be refundable.

We are currently required to collect sales tax for many states, and several do not have an exemption to sales tax for religious organizations. If you qualify for an exemption you may submit your tax exempt forms in any of the following ways:

Email: taxform@jhsbell.com

Fax: 803.781.3020 or 803.732.4435

Mail to: Jeffers Handbell Supply, PO Box 1728, Irmo, SC 29063-1728

Upload: HandbellWorld.com/TaxForm. If you prefer you may log into your HandbellWorld e-account and upload the file so it will be saved under your login.

MUSIC POLICY

The Jeffers Retail Music Department has one of the world's largest inventories of handbell music, containing the work of more than 100 publishers. Some of these companies print just a few titles; others print several releases each year. We stock all of this music to provide you with the fastest service possible; our goal is to get your order on its way in 24-48 hours. When we receive your call early in the day, your order is often shipped that same evening.

Music on Approval

Many directors need help selecting music. We are delighted to help with our Music on Approval program. Order the titles you would like to see. Review them and decide to keep, order more or return them. We ask that you include a copy of the invoice with all returns and pay for shipping both ways.

Music Discount

Most music up to 40% off retail price. There are no discounts on CDs, DVDs or videos. Equipment, supplies, software, and instruments are not subject to music discount.
