## WELCOME BACK!

**W**elcome Back ... to ringing. We have had a full year of everyone being back to ringing since the pause. It has been great to hear the bells ringing again.

I was listening a part of an interview with Christine McVie of Fleetwood Mac. She talked about how their fans would plan their music for their babies. And those babies would grow up and plan the music for their babies. And now there have been four generations raised on Fleetwood Mac.

This got me to thinking about the handbell community. I was 12 when I got involved. Since then I grew up and got married to Jill. We had two kids, Andrew and Matthew, who most of you have met since they started attending handbell events before they were 5. Now they have grown up and are both working here. Andrew came back this year after 10 years as a Ford mechanic and last year Matthew moved into the Customer Support Leadership position. Now Matthew has a kid and Jill and I are looking forward to bringing her to handbell events.

Philip, Pam and I consider ourselves generation 1 ½. Now Andrew and Matthew are the 3rd generation working in the company. Maybe a forth generation Jeffers will be helping to support the handbell community and all the kids of kids of kids that were so wonderful to us we were becoming a of the handbell community. And next year we will be celebrating 50 years.

To keep pace with changes this summer we mailed the Big Bell Book with new music from many publishers. This has replaced all the individual scorebooks so make sure you take a look throught the entire book. You can still visit [HandbellWorld.com/Scorebooks](http://HandbellWorld.com/Scorebooks) to view the new music from the publishers and download PDF scorebooks or Zip files that include the recordings.

If you have not already signed up for our eVibes newsletter please do and receive emails with links to the individual publishers PDF's and Zip files.

# 250 YEARS & COUNTING! OF Handbells by Whitechapel

Each bell contains more metal in the casting, producing a full, rich sound. The tuning of the bell creates a dramatically pleasing tone. (Each set is regarded as a single instrument and tuned as such.) The quality of the casting and internal mechanism makes it possible to create a range of sound from soft to loud that no other handbell can replicate. The character of every set is recorded and kept so that future additions may be perfectly blended. The smooth clapper mechanism means you only hear the bell, not any of the sounds coming from the mechanisms- they only produce clear, rich ringtones!

## DARKNESS INTO LIGHT arr. Billy Brandt

3-5 oct HB w/opt 2 oct HC Level: 2

MMEAAM262 \$5.25 \$4.73

"Darkness Into Light" is a two-movement work intended to be used at Easter. The combination of the familiar hymns "O Sacred Head, Now Wounded" (PASSION CHORALE) and "Christ the Lord Is Risen Today" (EASTER HYMN) with narration creates a powerful statement connecting Jesus' suffering and resurrection.

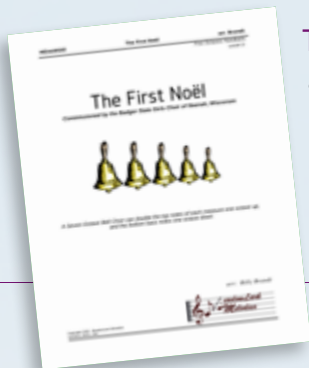

## THE FIRST NOËL

arr. Billy Brandt

5 oct HB w/ opt flute & voices Level: 2-

MMEAAM261 \$5.25 \$4.73

Billy Brandt's arrangement features a straightforward handbell part, unison voices, and a flute obbligato. "The First Noël" was written as an expression of excitement and wonder at the birth of the Christ Child and today we still sing ... and play it ... for the same reasons.

## SHENANDOAH

arr. Billy Brandt

5-7 oct HB w/ 5 oct HC & opt flute Level: 2

MMEAAM252 \$5.25 \$4.73

"Shenandoah" is one of the most recognizable American folk songs, dating from the early-to-mid 19th century. This arrangement by Billy Brandt features handbells, handchimes, and optional flute. With minimal techniques, ringers can focus on musicality and interpretation, bringing out the melody and allowing the accompaniment to flow gently underneath.

Great Scott! Alan Silvestri's energetic music for the *Back to the Future* films helped to secure their place in movie history. This arrangement faithfully captures the elements of the original orchestral score using multiple handbell techniques and optional handchimes.

MPAHB013 ~~\$4.95~~ ~~\$4.46~~

Claude Debussy's "First Arabesque" is a classic of impressionistic piano repertoire. This faithful transcription for 3-6 octaves handbells and optional 3-5 octaves handchimes preserves the gentle, flowing style of the original.

## MUSIC POLICY

The Jeffers Retail Music Department has one of the world's largest inventories of handbell music, containing the work of more than 100 publishers. Some of these companies print just a few titles; others print several releases each year. We stock all of this music to provide you with the fastest service possible; our goal is to get your order on its way in 24-48 hours. When we receive your call early in the day, your order is often shipped that same evening.

## Music on Approval

Many directors need help selecting music. We are delighted to help with our Music on Approval program. Order the titles you would like to see. Review them and decide to keep, order more, or return them. We ask that you include a copy of the invoice with all returns and pay for shipping both ways.

## Music Discount

Most music up to 10% off retail price. There are no discounts on CDs, DVDs or videos. Equipment, supplies, software, and instruments are not subject to music discount.
