### *And now to the really exciting news...*

In 1975, we started Jeffers Handbell Supply with three products on a shelf in our laundry room. 50 years later, we've grown to offer hundreds of handbell products. Tens of thousands if you count all of the music titles we carry. But our values have never changed from those humble beginnings. We still try every day to meet the needs of the handbell community to the best of our ability. You've become our friends and our family, and we'll always try and treat you that way.

## Bell Tree Stands

Our Bell Tree Stands make the use of bell trees and malleted bells easier! Bell handles are held securely in place by inconspicuous O-rings that can be positioned according to your needs. Stands are 50" tall in their lowest position, but can be extended to 61", 65", 69", or 73" to accommodate the number of arms needed. Base measures 24" across, weighs about 14 lbs., and breaks down into two pieces for easy storage and transport. The adjustable feet provide stability on uneven surfaces and are interchangeable with the locking casters for more mobility. Each stand comes with 2 arms, 4 locking casters, a pack of O-rings, and all assembly hardware. Additional arms and casters are available.

This is a charming and beautifully crafted medley of cradle-side carols with small snippets of Brahms' "Lullaby" and "Silent Night". It features the hymn tunes MUELLER ("Away in the Manger"), GREENSLEEVES, and CRADLE SONG (another tune for "Away in a Manger"). Each has its own personality and they are skillfully woven together with thoughtful transitions in this solid, 'upper end of a Level 3' arrangement.

"Handbell ringers are flexible!" This versatile collection of short Level 1 and 2 carols proves this point: easy, interesting carols using 10-14 bells that can be played in many configurations. This simple collection is perfect for ringing "out there" at Salvation Army kettles, parade floats, home visits, Christmas tree lightings, candlelit cavern or historic home tours – and even for flash mobs – with no accidentals or page turns (some bells do need to be switched out between pieces for key changes.)
